About Us

Founded in 2014 and headquartered in Dubai, CAMA produces, imports, and exports premium natural stone for architectural and interior projects worldwide. We combine global sourcing with advanced in-house production capabilities to ensure a reliable supply of high-quality slabs and tiles.

Our portfolio includes a wide range of stones sourced both domestically and internationally. In our production lines which are equipped with modern Italian machinery, we control finishing and output to meet project schedules at any scale. Quality control is enforced at every stage: quarry selection, block inspection, production, and packing.

To meet our main goal of providing our customers with the best service, our team of experts will assist you at every step; from design and product selection to delivery and implementation.
